

Being A Member of Swim Team Is A Wonderful Opportunity

Logan Swim Team is available to children, free of charge, 5 years of age and over. Being a part of the team provides the child with self-confidence along with a physically fit body. The many activities associated with swim team help children meet new friends and establish long lasting friendships.

Swim Meets Are A Family Event

The children swim as a team and the parents work together to provide a great sense of accomplishment for everyone involved. The Logan Swim Team competes with all of the local swim clubs in the area, as well as participates in Championship and Relay Meets.
